

# BEFORE-INFUSION REMINDER LIST

Confirm the date, time, and address of your appointment

Check in with your doctor on whether or not you should have your baseline uric acid level checked

Arrange for time off from work, childcare, and any other responsibility that needs to be taken care of

Eat a nourishing meal or bring small snacks to your infusion

Drink plenty of water both the day before your infusion and the day of

Wear warm, comfortable clothes with sleeves that are easy to roll up

Pack your infusion care bag with a book or iPad. Don't forget your After Infusion Reminder List!

Reach out to your Patient Access Liaison (PAL)\*

Pick up and begin taking any pre-infusion medication your doctor may have prescribed, as well as medications to help prevent potential side effects.

\*If you haven't connected with a Patient Access Liaison (PAL) yet, call 877-633-9521 Monday-Friday, 8 AM to 8 PM ET.
