OPTIONS AVAILABLE AT:

amgenbyside.com/tepezza/hcp

Our mission is to connect, coordinate, and champion your patient at important steps along the way:

Connect

Your patient will be connected to one person dedicated to partnering with them throughout their treatment experience

Coordinate

Your patient will receive educational support on insurance, financial support options, important appointment-related information, and more

Champion

Your patient's dedicated partner will strive to empower them to be confident self-advocates committed to maintaining their treatment goals

When you are ready to prescribe:

Support your patients during the access process

The Amgen By Your Side team is here to assist your patients along the way

Amgen By Your Side offers patient-focused support:

Patient Support

- Helping patients with what they may need as they begin treatment
- Checking in with your patients prior to each infusion and sending appointment reminders

Insurance Benefits Explanation

- Helping with conducting benefits investigations
- Providing education for prior authorization, medical exception, or appeal processes

Financial Support

- Helping patients understand their coverage and answering financial support questions
- Patients with commercial insurance may pay as little as \$0 out-of-pocket for the cost of the medication and the infusion administration through the Amgen Commercial Co-Pay Program*

*See page 6 for full Terms and Conditions.

Infusion Logistics Assistance

- Determining how treatment can fit into your patient's routine
- Prioritizing your patient's individual needs and partnering with them to coordinate appointments, find infusion center locations, and prepare for upcoming visits—from their first infusion to their last
- Working to ensure your patient remains focused, motivated, and committed to their treatment goals

Meet the Amgen By Your Side team

Initiate your patient's enrollment in Amgen By Your Side by submitting the Patient Enrollment Form at amgenbyside.com/tepezza/hcp. Your patient must complete enrollment, including providing their consent, to access our patient-focused services and resources.

Patient Access Liaison (PAL)

The PAL provides dedicated, one-on-one support for your patient.

- They work directly with individual patients to answer nonmedical, logistical questions and provide support upon enrollment
- Additionally, the PAL educates on navigating insurance processes and accessing treatment
- The PAL has expertise and tools to support the patient by educating on patient benefits, prior authorization requirements, payor policies, and coding and claim submissions

Case Manager

Case Managers work on behalf of the patient and interact with the doctor's office to confirm insurance information is accurate and to inform the office on insurance criteria for the submission of a prior authorization.

In addition, a Case Manager:

- May reach out to the doctor's office after a prescriber initiates enrollment and inquire about missing information on the enrollment form
- Has the expertise and knowledge to educate the doctor's office on payor policies and insurance criteria for access to Amgen products

The team at Amgen By Your Side is available by phone at 1-833-583-7399

Amgen Co-Pay Program

Eligible patients with commercial insurance may pay as little as \$0 out-of-pocket for the cost of the medication and the infusion administration through the Amgen Commercial Co-Pay Program.*

PALs can speak with patients prescribed TEPEZZA about the insurance approval process and help them understand coverage options

*The Amgen Commercial Co-Pay Program may be available to patients who meet the following minimum criteria:

- Patient's prescription cannot be paid in part or in full by any government-funded program including but not limited to: Medicare, Medicare Part D, Medicaid, Medigap, VA, CHAMPUS, Department of Defense (DOD), TRICARE, or any state, patient foundation, or other pharmaceutical program.
- Patient is prescribed a covered Amgen rare disease medication for an indication approved by the Food and Drug Administration; the indication for each product is shown in its prescribing information.
- Patient is a resident of the United States.
- Patient must be commercially insured and have financial responsibility for a portion of the drug and/or infusion cost if applicable.

The assistance offered under this co-pay program is subject to additional terms and conditions, including but not limited to the following:

Terms and Conditions: Offer cannot be combined with any other rebate or coupon, free trial, or similar offer for the specified prescription. Not valid for prescriptions reimbursed in whole or in part by any government-funded program including but not limited to: Medicare, Medicare Part D, Medicaid, Medigap, VA, CHAMPUS, DOD, TRICARE, or any state, patient foundation, or other pharmaceutical program. Offer good only in the United States at participating specialty pharmacies or sites of care. Offer not valid where otherwise prohibited by law, for example by applicable state law prohibiting co-pay cards. Amgen reserves the right to rescind, revoke, or amend offer without notice. The selling, purchasing, trading, or counterfeiting of any co-pay card or benefits is prohibited by law. This co-pay program is not insurance and is not intended to substitute for insurance. Age for eligibility is dependent on product indication.

Participating Pharmacies or Healthcare Providers: By using this co-pay program, you acknowledge and confirm that the prescription will not be reimbursed in whole or in part by any government-funded program (such as, without limitation, Medicare, Medicaid, VA, DOD, TRICARE) and the patient and prescription meet the eligibility criteria set forth in the terms and conditions. You are responsible for reporting the receipt of the co-pay program benefits as required by an insurer, payor, or applicable law or regulation.

Patients: By enrolling in this co-pay program, you acknowledge and confirm that you and the prescription meet the eligibility requirements set forth in the terms and conditions, including that the prescription will not be reimbursed in whole or in part by any government-funded program (such as, without limitation, Medicare, Medicaid, VA, DOD, TRICARE). You may not seek any claims to government payors or other payors or insurers for this prescription. You may not seek reimbursement from any health savings, flexible savings, or other healthcare reimbursement account for any amounts received from the co-pay program. You are responsible for reporting the receipt of the co-pay program benefits as required by an insurer, payor, or applicable law or regulation.

Support your patients during the access process with Amgen By Your Side

Initiate your patient's enrollment in Amgen By Your Side by submitting the Patient Enrollment Form. Patient consent will be required to complete enrollment.

INDICATION

TEPEZZA is indicated for the treatment of Thyroid Eye Disease regardless of Thyroid Eye Disease activity or duration.

IMPORTANT SAFETY INFORMATION

WARNINGS AND PRECAUTIONS

Infusion Reactions: TEPEZZA may cause infusion reactions. Infusion reactions have been reported in approximately 4% of patients treated with TEPEZZA. Reported infusion reactions have usually been mild or moderate in severity. Signs and symptoms may include transient increases in blood pressure, feeling hot, tachycardia, dyspnea, headache, and muscular pain. Infusion reactions may occur during an infusion or within 1.5 hours after an infusion. In patients who experience an infusion reaction, consideration should be given to premedicating with an antihistamine, antipyretic, or corticosteroid and/or administering all subsequent infusions at a slower infusion rate.

Inflammatory Bowel Disease: TEPEZZA may cause an exacerbation of inflammatory bowel disease (IBD). IBD has been reported in some patients without a prior diagnosis of IBD. Monitor patients for signs and symptoms of IBD. If IBD exacerbation is suspected, discontinue use of TEPEZZA.

Hyperglycemia: Increased blood glucose or hyperglycemia may occur in patients treated with TEPEZZA. In clinical trials, 10% of patients (two-thirds of whom had preexisting diabetes or impaired glucose tolerance) experienced hyperglycemia. Hyperglycemic events should be controlled with medications for glycemic control, if necessary. Assess patients for elevated blood glucose and symptoms of hyperglycemia prior to infusion and continue to monitor while on treatment with TEPEZZA. Ensure patients with hyperglycemia or preexisting diabetes are under appropriate glycemic control before and while receiving TEPEZZA.

Hearing Impairment Including Hearing Loss: TEPEZZA may cause severe hearing impairment including hearing loss, which in some cases may be permanent. Assess patients' hearing before, during, and after treatment with TEPEZZA and consider the benefit-risk of treatment with patients.

ADVERSE REACTIONS

The most common adverse reactions (incidence \geq 5% and greater than placebo) are muscle spasm, nausea, alopecia, diarrhea, fatigue, hyperglycemia, hearing impairment, dysgeusia, headache, dry skin, ear discomfort, weight decreased, nail disorders, and menstrual disorders.
