Here to Support You Every Step of the Way

As your treatment with TEPEZZA begins, our Horizon By Your Side team is ready to support you and your family. Whether you need personal support, insurance and financial assistance, or helpful resources, our dedicated team is here to help you throughout your treatment journey. The team at Horizon By Your Side can answer non-medical, logistical questions and offer help when you need it.

Together, we will:

Connect

You will be paired with a Patient Access Liaison who will be there to support you throughout your treatment when you need it

Coordinate

The Horizon By Your Side team will work with you and your healthcare team to make sure non-medical, logistical efforts are coordinated properly

Champion

Your Patient Access Liaison will be your point of contact and help you to build confidence throughout your treatment

Meet Your Patient Access Liaison

Starting a new medicine or treatment often comes with a lot of questions. Once enrolled, you will be paired with a Patient Access Liaison (PAL). Your PAL provides you with dedicated, one-on-one support. They work directly with you to answer non-medical, logistical questions and provide support once you have been prescribed TEPEZZA and you have completed enrollment.

Reach out to your PAL to help you:

- Avoid surprises at the start of treatment by talking about what to expect
- Discuss how your new treatment can fit into your routine and meet your personal goals
- Understand financial assistance options
- Learn about the insurance process
- Connect with others living with a rare disease through live or virtual events, peer mentor programs, and online resources

Once you're enrolled, you will get a welcome call from a Patient Access Liaison. After that, you can call, text, or email them when you have non-medical questions.

Here to Support You Every Step of the Way
