

# After Infusion Reminder List

	Infusion Number							
	1	2	3	4	5	6	7	8
Check in with your doctor or care team.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Watch out for any possible side effects. If you think you're experiencing one, tell your care team right away.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Schedule your next infusion for 3 weeks from today.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Write down anything you would change or bring to your next infusion.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Follow up with your Patient Access Liaison (PAL).*	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
Treat yourself!	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

## Select Important Safety Information

Infusion reactions can happen during or within 24 hours after your infusion. If you have a reaction while receiving treatment, your doctor or nurse will slow or stop your infusion and treat your infusion reaction. If you have a severe infusion reaction, your doctor may stop your treatment completely.

Tell your doctor or nurse right away if you have any of these symptoms during or after your infusion:

- High blood pressure
- Fast heartbeat
- Redness of the face/Feeling hot
- Difficulty breathing
- Headache
- Muscle pain

Please read additional Important Safety Information at [TEPEZZA.com](https://www.tepezza.com)

\*If you have a TEPEZZA® (teprotumumab-trbw) prescription but haven't connected with a Patient Access Liaison (PAL) yet, just call 1-833-583-7399 Monday - Friday, 8AM to 8PM ET.
